DETAILED ACTION

Response to Amendment

1. Applicant's amendment and accompanying remarks filed October 6th, 2003 have been carefully considered and entered. Claims 1,2,7,10, and 11 have been canceled and claim 3 has been placed into independent form to include the subject matter of canceled claim 1, as requested. Applicant's cancellation of claims 10 and 11 renders moot the 35 U.S.C. 112, second paragraph rejections set forth in section 4 of the last Office Action. Applicant's cancellation of claims 1,2,7,10, and 11 renders moot the 35 U.S.C. 103(a) rejections set forth in section 7 of the last Office Action. Accordingly, remaining claims 3-6,8 and 9 are now in condition for allowance in view of Applicant's amendments to claim 3 and previously allowed claim 8 as set forth in sections 9 and 10 of the last Office Action.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: claims 3-6,8 and 9

Specifically, with regard to newly amended independent claim 3, the prior art of record does not teach or fairly suggest an absorbent layer formed for one composite sheet which is folded into two so that the constituent layers thereof are in an order of water-decomposable fibrous layer, polymer layer, polymer layer and water-decomposable fibrous layer with the uppermost water-decomposable fibrous layer being adjacent to the surface layer. An updated search produced no new substantial art for which to base a rejection and there is no motivation to combine prior art references to form an obvious type rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
